

RAKHI CHAKRABARTY

KOLKATA , WEST BENGAL , 700124

biswasrakhi426@gmail.com | +91- 9903242629 | [Linkedin](#)

Education

Swami Vivekananda University	2024 - 2026
• MBA CGPA : 8.1	
West Bengal State University	2018 - 2021
• B.A CGPA : 9.01	
Barasat Girls High School, India	2018 - 2019
• WBCHSE (Class XII) CGPA : 8.4	
Barasat Girls High School, India	2016 - 2017
• WBCE (Class X) CGPA : 6.4	

Skills

Programming Languages	C, C++, Python, SQL, Java.
Web Development	HTML, CSS, JavaScript, React, Git, Git-lab, Firebase.
Databases	DBMS, MySQL, PostgreSQL.
Others	Django, DSA, OOPS, Competitive Programming.

Work Experience

Advanced Software Technologies Private Limited Quality Analyst	Nov'22 - Present
<ul style="list-style-type: none">Checked data with the application while communicating with clients Database and improving the Ingredient.Identifying the correct Ingredient and and Implementing this to our worksheets.Analysing and predict the Ingredient which is correct to put it down.	
Codesoft Python Developer Intern	Sep'23 - Oct'23
<ul style="list-style-type: none">* This project aims to create a command-line or GUI-based application using Python, allowing users to create, update, and track their to-do lists● create a password generator application using Python, allowing users to specify the length and complexity of the password.● computer vision and natural language processing to build an image captioning AI. Use pre-trained image recognition models like VGG or ResNet to extract features from images, and then use a recurrent neural network (RNN) or transformer-based model to generate captions for those images.	

Projects

Todolist	Nov 2023
<ul style="list-style-type: none">The React project read a list of tasks, add a task using the mouse or keyboard, mark any task as completed, using the mouse or keyboard, delete any task, using the mouse or keyboard.Edit any task, using the mouse or keyboard, view a specific subset of tasks: All tasks, only the active task, or only the completed tasks.We'll tackle these stories one-by-one.	
Chat Application System	Aug 2023
<ul style="list-style-type: none">The project also maintains offline messages, the messages that were sent online, can be viewed even when you are offline, but obviously, you cannot send any message when you are offline.Communication with a colleague will be made easy using the chat option.	
Attendance Management System	April 2023
<ul style="list-style-type: none">Developing blogging platform on HTML, CSS, JavaScript and using Python Django.Used HTM, CSS for fronted and web-based user Interface. Development tools for employee attendance.There are two module attendance system software for employee and admin using Face Recognition.	
Uber Data Analysis	Aug 2022
<ul style="list-style-type: none">Use Importing Following Library is NumPy, Pandas, Seaborn, Matplotlib.Use K-means Clustering Algorithm and Logistics Regression.The mean accuracy for the Uber datasets are 84.42 %.	

Courses and Certification

HackerRank Certification	Python, JAVA, JavaScript, SQL, Problem Solving.
Simplilearn	Python Fundamentals, Intro of Artificial Intelligence
Great Learning	SQL, OOPs, React Js, Machine Learning.

Academic and Extracurricular Achievements

- Coding profiles : [Hackerank](#), [GFG](#), [Leetcode](#).
- Gold badge for Python proficiency, problem-solving, and SQL on the Hackerank platform
